

HCS offers the following models:

### 50-50 Dual Immersion Model

In the 50/50 model, approximately 50% of students are English Speakers and 50% of students are Spanish Speakers. Both groups receive an equal amount of instruction in each language. English Language Arts and Social Studies are taught in English, while Math, Science, and Spanish Language Arts are taught in Spanish.

### Application QR Code:

Hampton City Schools offers a English-Spanish Dual Language Immersion (DLI) Program. This program is designed to infuse traditional instruction while being immersed in a second language. HCS' DLI Program consists of instruction in English and Spanish by certified teachers where the Spanish teachers has native-like fluency.

The DLI program is housed at **Langley Elementary School**. Langley is a fully accredited school.

The DLI program allows students to enhance their meta-linguistic awareness by becoming bilingual and bi-literate. As a result, students will learn to speak, understand, read, and write in both Spanish and English. In addition, students will have the opportunity to develop higher cultural acceptance, awareness, and understanding as part of the DLI program.

Applications can be found at <http://www.hampton.k12.va.us/departments/esl/esl.html>, on paper at the World Languages and ELL Department and Langley Elementary School, or by accessing the QR Code on the side.

Applications will be accepted through the first day of school, but the **initial review and acceptance notifications will begin August 1, 2023.**
